California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is **UNI-COM GUIDE**, a monthly calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing **UNI-COM GUIDE** is supported by paid advertising and by modest subscription fees of **\$5 /year, or \$8 / two years**.

In the process of gathering information for **UNI-COM GUIDE**, the Foundation becomes aware of leaders who are available for service in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organization needs for such talent, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a sustaining part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com also offers two additional services of a mail order book catalogue and a small monthly pamphlet of articles by Metaphysical teachers.

THE MAGICAL SONG YOU CAME TO SING

I fully believe that we each have a personal destiny which is intertwined with the lives of others. I believe we have come to earth to sing a song (that is, live a life) which is part of the cosmic drama — yet uniquely ours. I believe we have come to sing a truly magical song; of poetry in living; beautiful and harmonious and imbued with transforming power!

Rabindranath Tagore, the great Indian poet (whose exceptional gift for touching the innermost part of man through his writings) had one of the characters in a play that he wrote, say: "I was young and now I am old, still, I have not yet sung the song I came to sing." This feeling is, I am sure, a common one with many people; a feeling prompted by the obvious fact that their personal destiny has not been fulfilled and that life's mark has perhaps been missed.

No two people have the same pattern — the same earth-destiny or song to sing. We have come with our own particular urges, ideals, and secret dreams. We have things to learn, experiences to have, and future fulfillments which are, as yet, unknown to us.

Sometimes we seem to be cramped in our domestic situation and frustrated while on the job. Sometimes it seems as though the gods have conspired to keep us from expressing ourselves as we long to express. Sometimes we feel the urge to express; but we are afraid, or we do not know how to begin. Perhaps it will be that when we begin to sing the song which is bursting to come forth we will see that it is not our personal song at all — but a cosmic and universal song which must be sung if life is to fulfill its purpose.

Sometimes we respond to the urge to sing our song, but move too soon or too late. Our timing is off. We are trying too hard, or not hard enough in the right direction. We may lack persistence or give up too easily. The universe has its own

song. It began millions of years ago and will continue for a few more billion solar years; and then begin again, somehow, for some purpose, in its own space — space it will produce out of itself. It may be that our song, not our real song but the one we think we have come to sing, is too petty and too individualistic. We may begin where we are, doing the best we can; and then find, in time, that we are moving in a stream of grace — in harmony with the plan of the cosmos.

Trying vs. moving in the stream of grace are poles apart, but we have to begin sometime. Maybe in our own time — The time we produce out of our own consciousness. To be too conscious of singing is not to sing properly. To make excuses for not trying to sing is to avoid the inevitable. External appearances may sometimes restrict, but let us remember the advice, "If you can only believe, you can say to this mountain (any appearance), 'go, and it must go.' " There are no two ways about it. The "mountain" will simply go.

"But," you say, "What if . . . ?" No, just begin to sing your song and the appearance will go. It cannot do otherwise. The magical song must be sung and nothing can stand in the way. The song we sing (the role we play) is not as important as our singing the song *we* have come to sing. When all of the singers are together then the universal song will be a thing of beauty. One poet-singer exclaimed, when things were in harmony, "Lord, I was singing my song and dancing. Then, I suddenly realized You were singing and dancing, not I!"

But the personal secret is this: do not wait too long before you try to sing your song. Do not sit on the sidelines, thinking, "Later I will begin." Or, "Later, I will sing my song, I know I will." Time, in the relative world, moves on. We do not want the years to pass and our soul perceptions to become encrusted with disuse before we come forth. To come to the end of our journey on this earth and be faced with the realization that we temporarily missed our opportunity is sad. Oh, there will be other times and other places, of course, but the whining excuse, "sometime," is the bane of self and cosmic expression.

You were young and now you are (?). Have you begun to sing the magical song you came to sing? ❀

PEOPLE YOU SHOULD KNOW

KINGDON L. BROWN, well known Psychic and Minister from Scottsdale, Arizona, is the Founder and Director of the Church of Essential Science, originating in Detroit Michigan, and now with branches in several states including Calif. Rev. Brown is known to many in the state of California as a counselor and reader. Also known to many as a "Teachers, Teacher". After his excellent class at the Psychic Seminar in Phoenix last March. . . . Author of two books, *Cosmosis: The Technique and Its Use In Daily Living*, and *The Power of Psychic Awareness*, Rev. Brown brings to his classes a unique way of letting the student experience for himself the powers of his own psychic awareness.

FROM THE DIRECTOR

IT'S YOURS AS WELL AS THERE'S!

Every man and woman has the opportunity, in this incarnation, to realize Truth. To really find and fully understand the nature of God, the universe, learning what the soul is and why. The way is open to every one, regardless of race, creed, or political interests. What works for one person will work for all. You must always remember this

First and foremost when you set out to make a move or do something new believe always that you can attain. This is one of the hardest things to overcome in life. You may project that you can obtain something, but down deep in your heart you have a doubt, because you don't know how you are going to obtain what you have set as your goal. If you have set up as your goal in this life time to attain and be your own master, always believe this in your heart and mind. But always remain faithful to this, when doubt enters the goal goes!

Now that you have set up a goal, try and find methods to assist yourself on this path of obtainment. Find things that you can do on the physical level, the mental level and the spiritual level to assist in the outcome of your goal. Don't sit back and let the "boys up stairs" do all the work, lend them a hand. Try to live your life daily in the one supreme consciousness of God, thinking feeling, and doing things in the way that the higher forces would do them. You say impossible, I agree that it is not an easy task. When you criticize, stop, put that person in the light, learn to look at only the beauty with-in that individual. Impossible you say! It may take days or weeks to practice this one technique on one person or subject. But Rome was not concured in a day! If we but remember that we are a part of God, that God is within us, then how can we but think only in ways of beauty. It is only when we refuse to remember that we are apart of God and that every thing that we do represents God, then we realize that we cannot do anything else!

No matter what we outwardly profess, the truth of the matter is, we are forever showing forth in our personal life just what we inwardly believe. If our lives are not successful, if people are not happy with our actions, if we always need to defend ourselves, then we do not believe in what we are. We are not apart of the God consciousness. Unlimited expression can be ours if we only learn to accept it. If you cannot see this in your daily life. Then start a routine of daily meditation on this way of life. See your life as perfect, your spiritual development as what you want to attain in this life, but never doubt that you can obtain it. Always set your goals high, remember you can if you keep allowing yourself to believe it obtain your spiritual goals in this lifetime. Always remember that your goals must abide within the realm of universal law. In otherwords you cannot set a goal of something that is not right with spiritual law and expect to have the help of the spiritual forces. And also remember that negativity and regret, and doubt cancel out what you have set up, so if these enter in, then you must begin again with setting up your pattern to obtain your goal.

THE MINDFULNESS SERIES

Practice-not just theory

The Sattipathana mindfulness investigation is the foundation of all Buddhist meditation. It is not necessary however, for you to be a Buddhist in order to practice mindfulness. The Unity Press Mindfulness Series includes:

By The Venerable Mahasi Sayadaw

A basic mindfulness exercise taken from monks upon entering a monastery.

Practical Insight Meditation

By The Venerable Mahasi Sayadaw

An advanced investigation of the basic and progressive stages of the power of consciousness to break through to the reality that lies beyond.

The Power of Mindfulness

By The Honorable U Nu

An inquiry into the scope of Bare Attention and the principal sources of its strength. \$2.25

THE PYRAMID AND IT'S RELATION TO BIOCOSMIC ENERGY

by G. Patrick Flanagan, Ph.D.

This short but fact filled Essay is a distillation of over 300 books read by Dr. Flanagan. In it you will find scores of fascinating facts about the Cheops Pyramid. Here are exact measurements on how to build your pyramid. Additionally, this Essay describes many experiments Dr. Flanagan had performed which the reader can also try with the small pyramid included in the Essay Package. **\$3.00**

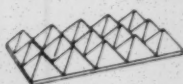

PYRAMID POWER by G. Patrick Flanagan, Ph.D.

PYRAMID POWER Dr. Patrick Flanagan's first hard cover book, is now available. In this book he covers concepts and research into energies from Kundalini through etheric plasma. Included are complete diagrams and descriptions of measuring instruments and a complete new theory of the etheric matrix of the universe. **\$6.95**

experimental CHEOPS PYRAMID TENT **\$25.00**

People using the Pyramid tent claim they are surrounded with energy. Those using meditation such as; Transcendental Meditation, Biofeedback, Alpha, Yoga, etc., report the Pyramid increases the ability to achieve the desired state. The Cheops Pyramid is made of wood legs and an opaque Vinyl cover. It is six feet square by fifty inches tall and will accommodate a full grown person. Boxed and assembled.

experimental PYRAMID ENERGY GENERATOR: PEG **\$5.00**

The generator is composed of fifteen 1" pyramids on a 3" x 5" base. Containing it's own magnetic field source in the plastic base, the generator has a CONSTANT source of pyramid energy. It will work in any position and within any structure. This remarkable device will sharpen razor blades, remove bitterness from liquids, improves taste of cheap wines and liquors, drastically changes instant coffee, keep carrot juice from lumping, mummifies organic matter, etc.

experimental PYRAMID ENERGY PLATE: PEP

A pocket companion to PEG. Duplicates most everything that PEG does. These plates are made from a gold colored aluminum and are charged with the same energy that exists in the pyramid. Plates lose their energy in 18 to 24 months.

UNRAVELING THE MYSTERY OF MAN

*Do you possess inner powers
as yet unused?*

*Do unseen powers influence your life?
Is your life the success you
had hoped for?*

*Are there other worlds about you?
Can you part the veil to higher worlds?
Can you intuitively tune in to
inspiration?*

*Where did you come from and where
will you go from here?*

Have you lived before?

Are you afraid to die?

Do the dead ever contact the living?

*Is it possible for living man to
become immortal?*

Astara has the answers to these and many more of life's enigmas, gleaned from many sources including the world's great Scriptures, ancient Mystery Schools and their modern counterparts.

Astara is a world-wide, non-profit organization created for only one purpose — to help you. If you seek a richer, fuller life with meaning and purpose write now for the free booklet, "Finding Your Place in the Golden Age."

There is a book for every individual. It is not light reading because it's your life, your astral biography, from the details of your inner feelings to your outermost ambition.

Sun-Moon polarity, as the connection between conscious drives and unconscious feelings, is discussed at great length.

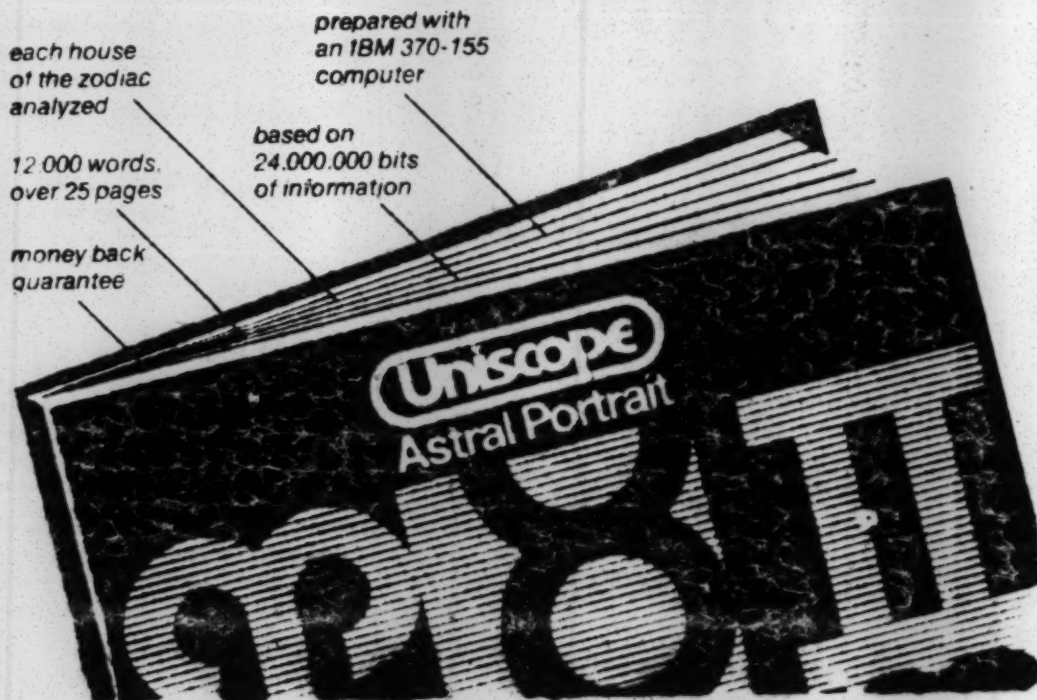

The ascending sign and its rulership position is interpreted as your personality, as your approach to life. Each house of the zodiac is described in terms of planets, rulerships and aspects.

This is not a vague report based on generalities. From your exact time, day, year and place of birth our IBM 370-155 sorts out 24,000,000 bits of astrological information. The result is a 12,000 word personal biography revealing secrets that even your closest friends would not dare talk about.

How is this possible? An astrologer does basically the same thing, but it takes longer and costs more. The computer is simply a memory bank. Only the information that applies to you and only you is drawn from the bank.

All this is yours for only \$10. It's the best buy there is in computerized horoscopes. Plus a money back guarantee if your Astral Portrait isn't what you expected.

Think of it as a reference book, to be studied from time to time. We've got the best available anywhere, at anytime... and at any price.

Cosmogenic Art

The Art of The Cosmos

The Art of The Cosmos, is a beautiful experience of blending colors and images that touch a deep spiritual awakening within each student. Work is done with the hands, no brush or pallet, using techniques that have been developed over many years. When the hand comes in contact with color a very strange and wonderful feeling is in store for the student . . . Classes are usually conducted with a background of music. The student has the opportunity of learning self awareness, creativity and spiritual advancement through these techniques!
